PLEASE PRINT ANY SPECIAL INSTRUCTIONS ON THE REVERSE SIDE OF THIS FORM.

Ordering: To order, please print out and complete the order form and mail it to us. As our production is limited we usually work with an extended backorder list. As the time to build your case approaches I will need the firearm for a short time (usually about 30 days) for exact measurements and final custom fitting. This insures a snug, rattle-free fit, for which our cases are well known. The firearm will then be returned in your new case.
